CONSTRUCTION INSURANCE SOLUTIONS

esentry.com.au

CONSTRUCTION INSURANCE MADE EASY

eSentry allows brokers to easily administer and transact construction insurance for the whole life cycle of any policy, including quotations, policy placement, policy endorsements, extensions, renewals, adjustments and cancellations.

> Available online

eSentry is available anytime via our website to all intermediaries across Australia.

> Simplified application process

The system parameters provides terms in accordance to our underwriting guidelines and have been designed to return quotes for the majority of risks.

> Fast & efficient

Quoting takes a matter of minutes

> Unique capabilities

eSentry allows you to bind cover immediately and provides the following enhanced online capabilities:

- > Full-admin of the 'whole life cycle' of any policy
- > Integrated portfolio management reporting
- > Winbeat policy data integration
- > Real-time claims reporting
- > Ability to include broker fees to quotes

> Saves you time and money

eSentry dramatically reduces the costly administration involved in manual quoting, saving you time and money.

eSentry Underwriting Pty Ltd is an underwriting agent of the Insurer Tokio Marine & Nichido Fire Insurance Co., Ltd. (TMNFA) and acts under its own AFSL as agent of TMNFA

> eSentry service and expertise

eSentry has been designed and built by a team of construction insurance experts ensuring it's a reliable and cost effective resource for your business.

> Quote & bind and more

eSentry provides four online policy types: - Single Project Construction insurance, Owner Builder Construction insurance, Annual Contract Works insurance, and Annual Pay As You Go.

Our standard parameters are:

- > standard building works including residential, commercial, industrial and institutional
- > individual contract values up to \$20 million and customers with annual building works with any turnover value, Owner Builders up to \$2 million
- > construction periods up to 24 months
- > add on Professional Indemnity

Those risks that fall outside these system guidelines will be referred to **eSentry**.
